

# WGPO Contest Choctaw High School

**There is significant construction at Choctaw High School. A few logistics have changed from previous years. Thank you for your understanding!**

**February 17, 2024**

## **Contest Flow**

- **Check In**

Check-in will be in the location designated on the map.

- **Unit Unloading**

Units may unload in front of the Freshman Center as notated on the map. Units will proceed through the Freshman Center and to the warm-up area.

- **Warm-Up Area**

You will have guides to assist you in moving to the warm up areas. The route to the performance site is notated on the map. This includes outside travel and it is recommended that units take this into account.

- **Floor/Prop Unloading and Loading**

Floor/Prop loading and unloading will be at the unit entrance as noted on the map. Choctaw personnel will be available to assist you.

- **Performance Site**

You will travel outside from the warm up area to the performance site. The timeline for this contest will be horizontal. For all other performance guidelines, please consult the WGPO information found at [wgpoklahoma.org](http://wgpoklahoma.org). Large props may store them at the back of the performance gym or the hallway behind the gym. All units will exit through the same doors as the entrance. (A member of our staff will be available to assist in this coordination.)

**STAFF VIEWING:** *there will be a reserved area in the center at the top of the spectator viewing area. Please limit staff to this area during your performance only so that others may utilize this very high vantage point.*

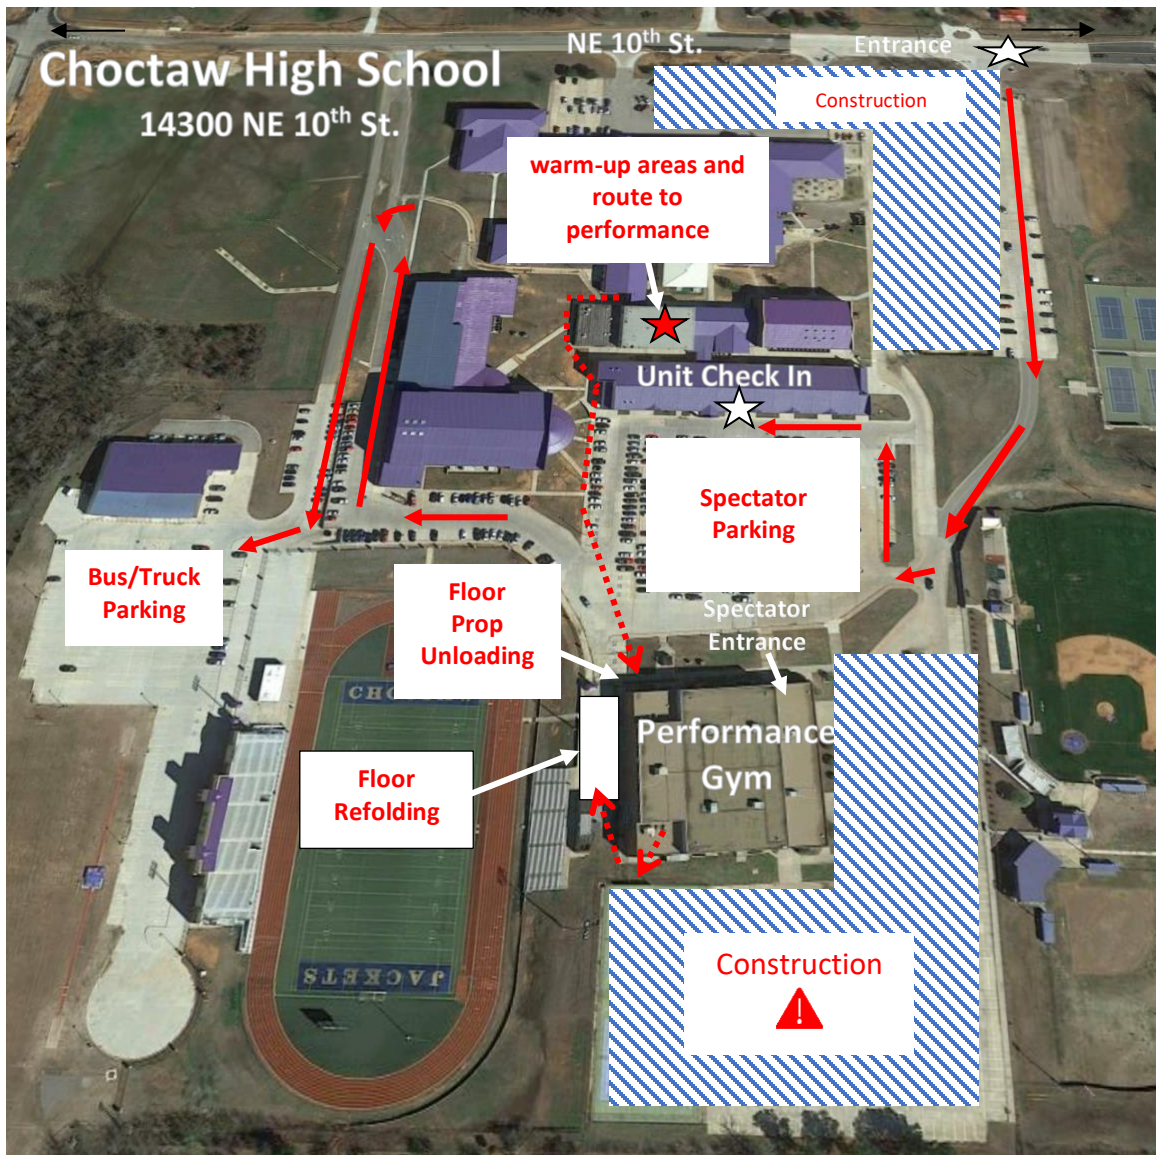

- **Floor Folding**

After your performance, you will be led to the floor folding area which is located outside and next to the performance area as notated on the map. There are minimal steps leading out of the building.

## **Concessions**

Concessions will be located in the performance area lobby. No food or drinks are allowed inside the performance area; however, the contest floor is viewable from the concession area.
